YALE HAS REAL SCORING POWER

Game With Harvard This Season Promises to be an Old Time Battle—This Year the Blue Eleven is Apparently Regaining Its Prestige.

in a victory for the Elis.

Two conditions, apparently passed, were responsible for these one-sided games. Yale dropped below mediocre in football after years of unparalleled success at the gauve, years of leadership, in fact, As New Haven university retrograded in the gridiron sport Harvard came up with a flock of the greatest football players ever gathered in one fold. Brickley and Mahan were but two stars of a laxy of bright luminaries. Hardwick. Logan, Trumbull, Pennock, Soucy, Bradiee, Watson, Coolidge, Franke, Wallsce, Storer, Gilman and Parson were stars of a high order. Coached by the best that football affords, it is no wonder that the Crimson was able to ride rough shod over the disorganized Yale teams, rendered weaker by a shifting coaching system.

This season shows Yale apparently gaining her old place as a football power and Harvard receding somewhat from its super strength of recent years. Harvard's present team is no weakling, and Eddie Casey may yet prove himself as great as any of his recent predecessors under the Crimson spotlight. But until the 1916 team at Cambridge down more steedings then

SIX EASTERN ELEVENS HAVE PERFECT RECORDS.

Penn State Leads Them All in Team Scoring.

Oliphant of the Army, by his feat of scoring six touchdowns in Saturday's game against Villanova, comes to the front as the east's largest scorer. The following statistics show only the work of the individual leaders in field goal and touchdown scoring. Besides these departments, Oliphant rang up nine more points on goals from touchdowns Saturday, and he already had six to his credit, making a grand total of \$1 points for the season thus far. This is more than about half of the eastern elevens have scored as units. Gerrish,

AMATEUR ATHLETIC UNION WILL MEET NOV. 20

Radical Changes in Constitution and Bylaws Will Be Voted On.

New York, Oct. 31.-The revised constitution and by-laws of the Ama-teur Athletic Union, which will be voted upon at the annual meeting in this city November 20, contain a num-ber of radical changes according to advance copies distributed today. Ef-forts have been made to incorporate the suggestions which were advanced for the elevating of amateurism at the conference conducted by the Intercollegiate Association of Amateur Ath-

letes last winter.

The principal change reported by the committee on revision included one requiring that delegates to the annual meeting of the National body be amateurs, the definition of an amateur and the provisions for reinstatement and pardoning power, additional pro-tection of the rights of college students to represent constitutional in-stitutions and cases where the college terms close prior to June, and in cases where college attendance is not required in consecutive semesters. It is also recommended that the clause in the present constitution permitting of the registration of women for swimming events be stricken out. The definition of an amateur sports-

man under the revised rule will be "one who engages in sport solely for the pleasures and physical, mental or social benefits he derives therefrom and to whom sport is nothing more than an avocation.

Several acts which will render a person ineligible to compete as an amateur are mentioned, among them OPENS ON JAN. 9
